

December 2007

To Whom It May Concern,

Tracey Bell is an entertainer that we hired to perform at 9 of our "Best of the Best" meetings located across Canada. Our smallest gathering was around 30 people, and the largest was 700. Tracey was able to adjust her performance to match each of her audiences; she really got the energy up in the room. She made everyone feel that they were part of the celebration.

Along with being a fabulous performer, Tracey really felt like a 'partner' to our planning team, where she took the initiative and proposed solutions in terms of lighting and staging logistics, as well as adding her insights to enhance the overall flow of the program. Tracey took the time to understand our organization and our key Executive personnel and really worked with them to add extra depth to both her performance, and the program as a whole.

Here are just some of what our audience members thought of Tracey Bell:

"Tracey was high energy, motivating and demanded attention. I felt she was great as an entertainer."
-Calgary

"Wow...this performer adapts rapidly to her customers...and she was part of our party, instead of simply performing. Hats off!"
-Montreal

"Excellent entertainer. She got the crowd to participate which was really a great team builder."
-Halifax

"Tracey relaxed us all as we tend to be too formal in large gatherings."
-Toronto

Tracey Bell is exceptional! Her talents as a live performer are quite extraordinary to an audience. Her creativity and her easy-going attitude make her an asset to any planning team. She is definitely someone I recommend to entertain at a Corporate event.

Sincerely,

A handwritten signature in blue ink that reads "Lorie-Anne Faigal".
