Tracy Bell

Dear Tracy (aka Marilyn, Madonna, Cher, Janis)

Just a quick note to thank you for the terrific show you put on at our recent annual conference. Yours was one of the best after dinner shows we have ever presented and I received many compliments from our guests.

The music was great and your impersonations were fabulous but I was most impressed with the way you were able to get enthusiastic audience participation. I was laughing so hard during some of the numbers it was all I could do to hold my camera steady.

Thanks again for the great entertainment. Please feel free to use me as a reference for others looking for a lively and fun after dinner show.

Sincerely

Ilona Rule
