Dear Tracy,

Just a brief note to say once again how much my client, Union Energy enjoyed your performance at our Sales Conference on January 12, 2006. Your upbeat humorous show really fit in well the audience after a long day of meetings.

From my perspective it was a pleasure to work with a TRUE PROFESSIONAL in every regard, from your prompt communication, customization of your show to meet our needs, and your general easy going nature, made my task as the meeting planner very easy.

If you should ever need any references please do not hesitate to use my name, and if you wish, have them give me a call.

Once again,

Many Thanks

Bill Graham
