

Dear Tracey,

**Our most sincere THANKS! for making my 50<sup>th</sup> birthday a joyous and unforgettable event!**

I think I've heard back from every one of the 150+ people who joined us for our 60's-theme Beach Party on the decks, beach and private island at Silver Spray. Although we had a full moon, a surging surf, a smorgasbord of scrumptious food, an exceptionally talented band, professional sound & lighting and a giant bonfire that we ceremoniously lit with a flaming arrow fired from high atop an oceanside cliff - without exception *you* were rated by all as the brightest star of this most memorable evening.

Tracey, thank you for staging such a tremendously entertaining show. We were very impressed (and totally enthralled) with how much fun you created strutting your stuff as 'Marilyn', and the way you hilariously involved so many friends and 'air guitarists' in joining your Diva performances on stage. Watching 'Madonna' whip her 'Boy Toys' into shape, or seeing our ladies dancing with 'Cher' as the 'Cher-Alikes' was alone worth the price of admission. I'm not exaggerating when I quote from your words as 'Tina': Your performance was "Simply the Best!"

We all look forward to having you back for an encore engagement at an upcoming celebration in the not too distant future. In the interim, please feel free to list me as a bona fide fan, and as a referral for anyone who wants to host an exceptionally fun party that will never be forgotten.

Best Always,

Michael Thornton
