TO WHOM IT MAY CONCERN:

Recently Tracey Bell appeared as "**Marilyn Monroe**", "**Cher**" and "**Dolly Parton**" in a special "**Night of the Stars**" promotion that toured to ten different venues throughout Western Canada.

Working with Tracey over a two week period, I found her to be very professional and most accommodating. Most importantly, her presentation of these artists was, in my opinion, *unmatched* anywhere. Personally I was amazed at her ability to almost instantly take on a whole new look and personality.

Tracey performed to over 25,000 fans during our tour and the response to her performances were overwhelming. The adjectives included "**fantastic**", "**unbelievable**" and "**wonderful**".

My highest praise and recommendation for Tracey Bell. Truly a world class talent.

Sincerely,

SPORT INNOVATIONS INTERNATIONAL INC.
