To whom it may concern,

It gives me great pleasure to write a recommendation for Tracey Bell. Tracey recently performed at our Old Hollywood Gala on June 1, 2019.

From the first point of contact, to program design, music and stage production and finally to execution Tracey was a dream to work with. We achieved the perfect balance of entertainment with the more serious parts of the program achieving our fundraising goals for our gala.

She's a true professional in every sense of the word. Tracey is well organized, responds well through email and over the phone, has great attention to detail, and is clear and concise in her communications. I found her to be resourceful too, as she provided good suggestions for smooth transitions between acts and speaking parts of the program, enabling us to achieve the right mix of fun and emotion for a successful charity gala.

On the day of the event, she arrived early and worked with our set up, sound and production crew resulting in an on-point act.

Our guests were simply delighted with her performance!

She kept them on the edge of their seats from the moment that she seemingly popped out of nowhere to surprise one of our key guests as Marilyn Monroe to her surprise guest appearance Cher, and sweet Julie Andrews as she sang *The Hills are Alive* to her more powerful performance as superstar Celine Dione. She topped it off with a fantastic Liza Minnelli segment.

What's truly remarkable is that she was absolutely convincing in every role!

She managed to engage individually with many nearly all of our 400 guests throughout the evening by taking "selfies" and getting them up singing and dancing during her kick line segment. She pushed our guest experience up one more notch.

I would whole heartedly recommend Tracey for any event. I have no doubt that she will blow you and your guests away by her performance!

Sincerely,
