Dear Tracey,

Tracey Bell, how do we ever thank you! Let us count the ways. We thank you first for Janis and Tina, and Lizza (or is that Lisa?) and then for Dolly, and Madonna and Marilyn and Cher. We thank you for a chance to appreciate delightful tributes and to laugh and sing with the wonderfully unique individuals for whom the Bell toiled.

The hundreds of delegates to the 60th annual conference of the Interior Lumber Manufacturers' Association, a joint conference with the Canadian Wood Council, were enthralled with your quick change skills and your artistry at impersonation. They're still trying to figure out what kind of magnetic power can pull a crowd of straight businessmen and women to their feet and conscript them into chorus lines and 'boy toy' bands.

Your single-handed multi-faceted performance brought our conference to a perfectly tuned "high note" finale. Please convey our appreciation to all your magnificent manifestations.

Sincerely,

Theresa White
