

TO WHOM IT MAY CONCERN:

In excess of three hundred people attend our organization's annual "Roofers Reindeer Rampage" (aka Christmas party). Through the years, it has become an increasing challenge to find after-dinner entertainment that will stimulate, humour or awe an audience as diverse as the members of our Association.

This year, Tracey Bell landed on our entertainment stage and raised the bar forever. Her hilarious, quick-paced performance was extremely well received by our group, and those selected from the audience did not hesitate to participate and interact. We think that sort of responsiveness can only be inspired by a true professional.

We would absolutely invite Tracy Bell and her feminine entourage to join us at a future event. She is a credit to her craft.

Sincerely,

Brian Hofler, MEd.
Executive Vice President
