Dear Ms. Fitzsimons:

It is with pleasure that I provide you with a reference for Tracey Bell. Tracey was a key component to the successful launch of Science World's feature exhibition Special Effects 2 on October 1, 1999. During the evening event, she mingled with the 900 guests as both Marilyn Monroe and Cher. She arrived with plenty of time to spare so as I could review with her the agenda for the evening and our various expectations. Tracey was enthusiastic and offered additional suggestions to make her appearances even more exciting for the guests.

Needless to say, Tracey was a big hit with the guests and posed with many children and adults for pictures. Tracey's presence really added to the atmosphere that we wanted to create of a Hollywood opening. I would definitely consider hiring Tracey again if we had another event that required that 'star' appeal.

Yours sincerely,

Gillian Lunde
Manager, Marketing and Communications
